Costa Careyes, Mexico

Costa Careyes, located between Puerto Vallarta and Manzanillo on Mexico's Pacific coast, is an environmentally conscious place that combines European "savoir vivre" and sensuality with the beauty, climate, artisan ship, and "alegria" of Mexico.

Costa Careyes is part of Costa Alegre and the State of Jalisco, probably one of the safest and the most beautiful areas of Mexico. The state of Jalisco is the third richest state of Mexico, and Costa Alegre is 100 miles of virtually undeveloped coast guarded by stringent development rules. A guarantee for the future!

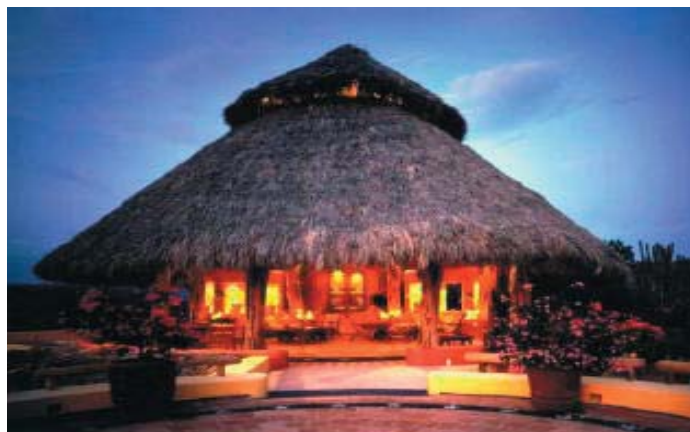

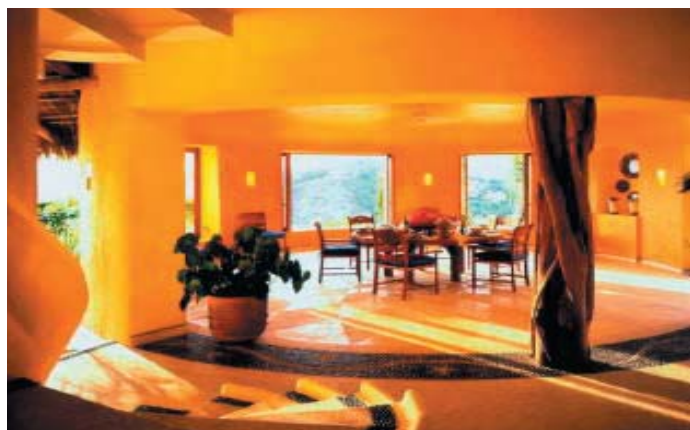

"Careyes" means tortoise shell and has always been considered a big nesting area. Every summer a beach camp is built in order to save sea turtles. To date, residents and guests have collected 200,000 eggs and released 75,000 baby turtles belonging to three species. This 7 bedroom estate has a fully-equipped gym, WiFi internet throughout, a fax machine, cell phone service, ping-pong table, three kayaks, a Bocce court, and a dart board. A media room is appointed with a 50" plasma television offering American satellite service, a large library of books, DVD's, video cassettes, laser discs and CDs. An incredible view is offered from a large 80' X 40' infinity pool and a 12 person jacuzzi. The house also has a private beach with a stairway for easy access. One of the most beautiful golf courses in the world, Tamarindo, is just 40 minutes away, and tennis courts are available at the Hotel Careyes, which is just five minutes from the house.
