Casa La Playa is a secluded, 20,000 square foot beachfront hideaway with 8 oceanfront suites, located just four blocks from downtown Puerto Vallarta. Natural beauty and contemporary elegance come together in this ideally located three-story villa, which features swimming and reflecting pools and lush ground-level and rooftop gardens that add to the ambiance of a serene tropical sanctuary. It's easy to forget that Casa La Playa is just a short walk away from all the shops, restaurants, and cultural offerings of downtown Puerto Vallarta.

Indoor/outdoor living areas let in the ocean breeze, and expansive windows offer stunning, unobstructed views of the sunset over Banderas Bay from every room, while a large first-floor pool, smaller penthouse pool, second-floor Jacuzzi, and neighboring sandy beach present plenty of opportunities for aquatic relaxation. The inside of Casa La Playa rivals the beauty of its gorgeous surroundings. Elegant contemporary architecture and spacious design characterize this stylish villa, and 2 living and dining areas, 2 kitchens and kitchenettes, and a total of 8 bedroom suites, complete with 8 full bathrooms and 3 powder rooms, offer plenty of space for guests to unwind.
